See! Drive! **THE NEW**
PONTIAC
STRAIGHT 8

A FLOATING RIDE WITH KNEE-ACTION WHEELS

1934—year of outstanding automotive achievement brings you Pontiac's new model of extraordinary performance, comfort, and safety. Improved features which brought fame to past Pontiacs have been refined. Superior new refinements have been added... only at Pontiac have they been based on experience with General Motors' Customer Research Division.

First of all the new famous Racer Action Wheels enable you to enjoy a Floating Ride. No bumps! No jolt! No churning! No sliding, no skidding. Fisher No-Grind Valves, patented in last year's General Motors car, has been retained and improved to provide an even greater measure of control and protection. Safety is further insured by new Bendix brakes... an improved 80" Chrysler Rear Axle... and new Motor Drum brake.

Power's mighty Straight-8 engine has been completely redesigned. Its faster, smoother, more powerful, more economical... and because of its rubber mount, particularly vibrationless. Then too, increase in wheelbase, its size, weight, its bodywork, and its tire size, all tend to make this the smoothest, most-riding automobile ever to leave the famous Detroit test-track.

When you are this distinguished modern car, you'll certainly want to drive it! And when you drive it, we promise you'll experience an hour-to-hour, mile-to-mile sensation. Please enjoy our friendly invitation to ride and drive in Pontiac, the car that makes millions smile. Don't drive any other car!

Please show your way to a completely new kind of low-cost motoring enjoyment and satisfaction.

SMOOTHER... Improved and more powerful Straight-8 engine with 10% greater economy.
More Room-Air in Front Windows... Better Seating... Better Driver's View.

SAFER... New Brake System... standard 8 V "Rubber Roll" Brakes... Main Beam Head Lamps... Stronger Brakes for Parking.

MORE COMFORTABLE... Improved Fisher No-Grind Valves... Greater Driver's Room... Longer Wheelbase... Better Tires.

MORE CONVENIENT... Standard storage in top grade of gasoline... Assorted Fuel Marker Cans!... "Easier Wheel" Steering System.

FINEER LOOKING... Sport New Design with Streamlined Styling.

The Home
AGAIN COMES INTO ITS OWN

INTERNATIONAL TRUCKS ARE BEST, AND HOUSE FURNISHINGS TO

THREE DAYS, HAULING NEW FURNITURE HOMES ALL OVER THE LAND

THE DOMESTIC is alive with the new spirit and feeling toward the recreation of the frontier. Trying times have brought families and friends together again and made a home in recreation of home. New furniture is of home furnishings are again coming into demand—and a thing so much necessary proof that to true these things may be the report of a life-time. International Trucks are used so extensively in the furniture and home furnishings business that International Harvester may justly claim a share of the credit in making such new goods possible. The delivery is so remarkably fast and better in the cost of furniture, home furnishings and furniture are lucky. Every top of a truck was to make at the lowest possible cost. The performers of the line.

where made for International Trucks should current business men in all other lines—for regardless of the kind of hauling your business requires, there is an International model that will do that particular job at less expense. Low in first cost—and low in operating costs—International Trucks have proved as brilliantly in all lines of business that today International Harvester is a leader in the industry. International's trucks are available in sizes from below to 70-ton. And the International trucks or dealer or your own, these remarkable motor truck units—and arrange for a demonstration on your own job.

The industry could lose half again as many remaining business hours during the past 10 years. Meanwhile, those 9,000 workers probably enjoyed a compensation record as solid as the industry's. In South Dakota, for example, a recent wage increase was

There are also some very old, well-preserved buildings in the town, including the old schoolhouse, which was built in 1880. The schoolhouse is a two-story building with a gabled roof and a small porch. It is made of brick and has a very sturdy appearance. The schoolhouse is now used as a museum and is open to the public. It is a very interesting place to visit and is a good example of the architecture of the time.

Several of the industry's top executives, including those who became a small number of the 1998 World Bank, have taken it as a personal challenge to have been developed. Although the bank has been adopted, that rule is more and more being seen as the other side of the coin. Today's bank is not a bank of the future, but a bank of the future. They are known as the "new" banks.

Ovenizing . .

THIS EXCLUSIVE WAY OF
SMOKING GIVES IT . . .

The grandest flavour
you ever tasted!

TOMORROW MORNING, if you possibly can, have this surprise for your husband. Serve him Swift's Premium Bacon, the *only* kind that's Ovenized!

Premium has been Canada's favourite for 20 years. But now it's smoked a new exclusive way, *in ovens* . . . now it's marvellously better than even Premium was before.

Such flavour! A finer blending of the tang of hard-wood smoke . . . the sweetness of selected pork . . . the smooth richness from a famous cure. All told, a grand flavour to spread cheer at breakfast tables. Watch him ask for more!

And you'll notice another difference at the first taste: this new Swift's Premium is more *tender*. Lots more tender! *Ovenizing* made a striking difference there. Almost melts in your mouth!

(Incidentally, while you're tasting you might look a little, too. You'll find there's something unusually appetizing about the *colour* of Ovenized bacon. Husbands think it's grand!)

Won't you try it tomorrow morning? There's just this point to remember when you buy: insist on Swift's Premium . . . the *only* kind that's *Ovenized*.

Swift Canadian Co., Limited.

SQUARE EGGS? Yes, you can buy a gadget now that actually does poach them square. But whether the eggs are square or round, make sure the bacon is "Swift's Premium", the *only* kind that's *Ovenized*.

SWIFT'S PREMIUM BACON *It's Ovenized*

SWIFT'S PREMIUM HAM ALSO IS OVENIZED. — SO MILD, SO TENDER YOU DON'T HAVE TO PARBOIL IT!
